18. INCENTIVE SCHEMES TO SUPPORT AIRLINES

1. New Destination,
2. Incremental frequencies,
3. Number of transported passenger,
4. Incentive to airlines using Sarajevo Airport as its base.

The above listed incentives are submitted to Carriers in order to increase and advertise our traffic at the Airport.

Airport reserves the right to review and amend the incentive scheme anytime during the defined period.

**AIRPORT AND HANDLING CHARGES LIST**Strana:
19 od 24**18.1. NEW DESTINATION**

New destination means a destination not being served from Sarajevo Airport by scheduled airlines. If an airline stops flying to planned route while enjoying the incentive, such Carrier will lose right on below incentives from the moment of stopping flights to such a destination. To be granted the incentive, Carrier has to send a written information about introducing a new destination, as well as a written request to be granted the incentive.

If the Carrier starts flying on a new destination from the Airport, the following discounts are granted:

First year	30% on landing and take off and 15% handling fees
Second year	20% on landing and take off and 10% handling fees
Third year	10% on landing and take off and 10% handling fees

18.2. INCREMENTAL FREQUENCIES

A special incentive will be granted to additional scheduled flights introduced by airline, on the destination that already exists. To be granted such a discount, airline has to send a written information about increased number of flights, as well as a written request to be granted the incentive. If a scheduled airline does not realize planned number of operations, it will lose the right on incentives for the second and third year, while the Airport will make correction of already granted incentive.

First year	20% on landing and take off
Second year	15% on landing and take off
Third year	10% on landing and take off
